

Inspire a generation to view a career in TV and Broadcasting as an achievable reality

Brought to you by Channel 4, and powered by GetMyFirstJob, 4Schools brings careers in TV and Broadcasting into the real world for KS3 students as well as supporting the Gatsby Benchmarks.

4Schools introduces students to careers behind the camera, such as set designers, location managers, sound mixers, scheduling managers and many more options that could become an achievable future for them all.

How you can get involved

Live workshops

With a range of options available both virtual and face-to-face, from small class workshops through to full year group assemblies - there's options to suit any school, any timetable and any subject. For 2022, in person sessions will only be available in West Midlands, North East and West Yorkshire from April-December, keep an eye on our website for expansion news later in the year.

Online resources

With presentations, practical activities and information sheets and video Q&As the opportunities to inspire are endless. Display in class, print, email or present, the choice is up to you! Our resources are always being updated, keep an eye on the website for new resources for you to download and keep.

National competition

Unleash your student's competitive side with our national competition, as we explore how we are Altogether Different and celebrate the diversity in our communities that make them great. Unique Channel 4 prizes to be won for both individuals and schools. Entries open soon.

Take our quiz

In our quiz there are no wrong answers, there's a place for every skill, every passion and every person in TV and Broadcast. Our careers quiz combines easy to understand questions with inspirational outcomes to bring a distant industry into your students minds.
